# COVID\_19 WORKPLACE ASSESSMENTS

While businesses must manage many new legal and operational issues, progressive employers are also focusing on resources and means of supporting their workforce's return to work within the confines of the current COVID\_19 guidelines and ensuring safety for employees, clients, visitors & contractors.

## TOP QUESTIONS ARE:

- Does the organisation have a safe return to work plan?
- Are you able to work within the 2 metre social distancing guidelines?
- What control measure need to be implemented to manage health and safety risks?
- What to do if you feel yourself or colleagues may have contracted COVID\_19?
- Are you prepared to start work safe?

If you are looking for services tailored more towards your specific organisation our Covid\_19 Workplace consultancy service would be a good choice. The assessment will be very specific to your organisation, environment and workforce. It will give you 100% peace of mind that you are protecting your employees, clients, visitors and contractors whilst also fulfilling your legal obligations. One of our highly skilled consultants will assess your place of work in the following areas:

- Social distance
- Site Logistics / movement based on Social distance
- Welfare arrangement based on Social distance
- Working on machines based on Social distance in the manufacturing area
- Industry related task activities based on Social distance
- PPE to be used based on industry

## COSTS

Cost's start from £150 per day and payment plans can be set up to assist you with the financial commitment
